TACENS

RADIX V 850W

ATX POWER SUPPLY

RoHS CE DESIGNED IN EUROPE

TACENS Radix V PSUs are a new worldwide reference in eceolgy, efficiency, quality, reliability, low noise and extended lifetime.

Stands out their 10 protection systems making setting a new benchmark in security and reliability.
TACENS Radix V 850 model is part of the High-end range of in our ATX power supply family. It is designed for being used with High-end systems up to 850W, including up to four PCI-E support for High-end VGA cards. The High-end TACENS Radix V models include antivibration pad for the installation, all the cable black-meshed and an exclusive 14cm fan VENTUS II. The highest technology for extreme users.

- 99% Efficiency Active Power factor correction (APFC) for extremelly stable and efficient power conversion that compensates all fluctuations from the main supply.
- Exclusive 140mm TACENS Ventus II fan with revolutionary 15 air-guiding blades and unique FlLUXUS PRO II bearing for more tan 200,000 hrs lifespan and ultra-silent operation (15dB).
- 85+ Eco-design with extreme high-efficiency up to 85% for power saving and extended lifetime.
- ErP/EuP compliant for under 1W power consumption in off mode and RoHs manufacturing directive to fit European Green/Ecologic standards.
- Powerful dual +12v rails for extremely stable and powerful performance
- The safest PSU with 10 top-security system protections included.
- European engineering and internationally tested safety by recognised testing labs.
- Full performance during 24/7 operation. Ultra long Lifetime of up to 100,000 hours.
- Professional extras included like big antivibration installation pad and black-meshed cables.

Information:	
Reference:	1RV850
EAN Code:	4710700953723
Product Dimensions:	85x150x160mm.
Weight:	1,955Kg.
Units/Palet:	144 Units
Units/Carton:	9 Units
